Inside our new AxPro Colourbox 640
you will find the most beautiful colours of the world.

ART in DECO collection

We have carefully selected the most powerful and trendy colours of the world: sandy beige, golden ochre, dimmed umber. To complement them we have added more tones of nature: bottle and emerald green, cold teal and willow-green. You will also find shades of the stormy sky: leaden – blue and blue-grays.

All artwork was inspired by timeless art deco style expressed in a unique and modern way.

Your carpet does not have to be boring and old-fashioned! This brochure presents that by using well combined and coordinated colours (and a little bit of imagination!) your carpet could be a piece of art!

We are also inviting you to have a look at our other design collections: Earth, Prime and Vivat.
